

SYED HUNAIN

Developer & Data Analyst with expertise in
AI, Power BI, and cybersecurity.

Completed projects

- Python-based Passive Network Assets Discovery and Visualization: **Supervised by Dr. M. Khalil Afzal** (Comsats University Islamabad, Pakistan) and Co-supervised by **Mr. Qasim Ali** (Head of industrial Cybersecurity at PhiTech Solutions, Pakistan) and **Dr. Kashif Inayat** (Barcelona Supercomputing, Barcelona).
- AI-based Arabic OCR and Plant Disease Detection System: Supervised by **Dr. Rashid Ali** (University West, Sweden)
- Power BI and DAX-based HR Analytics and eCommerce Sales Dashboard
- Web Development: Built blog and eCommerce websites using Django and Flask, including a final year project on asset discovery and network visualization with Flask and Python.
- Research & Publications:**
- Currently publishing a research paper on asset discovery and network visualization in cybersecurity under the supervision of Dr. Rashid Ali, University West, Sweden, to enhance vulnerability identification and asset management.

WORK EXPERIENCE

Data Science Intern

[Shaukat Khanum Cancer Hospital] – [Lahore]

9/2024 – 10/2024 Collaborated on AI model integration to enhance healthcare systems.

- Gained experience in LLMs and image processing for medical data, improving healthcare decision-making and diagnostic accuracy.

Networks Intern

[Jazz Headquarters] – [Islamabad]

June 2023 – September 2023

- Acquired knowledge of network concepts, IP addressing, and cybersecurity using Python.
- Implemented security measures and optimized network performance.

Professional Development Certifications

- Foundations of Cybersecurity(Coursera)
- Prompt Engineering(DeepLearning.AI)
- Cybersecurity Threat Landscape(Coursera)
- Introduction to Generative AI(Coursera)
- Neural Networks and Deep Learning(Coursera)
- Introduction to Cybersecurity Tools & Cyberattacks(Coursera)
